## **MULTI CLEANSE** (Super Concentrated Multi Purpose Cleaner)

---

**Multi Cleanse** is a super concentrated dark blue liquid with a citrus odour. It is suitable for an incredible range of general purpose cleaning requirements.

**Multi Cleanse** will clean quickly, thoroughly and efficiently whether used in hard, soft, hot or cold water.

**Multi Cleanse** is fully biodegradable so after use it is broken down into harmless materials by normal water treatment and natural processes. It contains no solvents and no strong acids and is therefore suitable for all surfaces. 100% water soluble non-toxic and non-flammable.

### **How to use**

#### **Method's**

**Multi Cleanse** can be used manually or through a pressure washer.

#### **Concentrations**

Dilute the super concentrate (neat product) to 10:1 (e.g. 100ml **Multi Cleanse** to 1000ml water) to obtain standard strength **Multi Cleanse**

Then re-dilute this solution up to 50:1 according to the degree of soiling.

In general the recommended dilution rates are:

Light cleaning 50:1 (i.e. 500:1)

Medium cleaning 20:1 (i.e. 200:1)

Heavy cleaning 5:1 (i.e. 50:1)

#### **Typical applications**

**Multi Cleanse** is a water based product so it can be used on any surface which is not harmed by water. It is a truly versatile product, which is used wherever quick, and effective cleaning is required. **Multi Cleanse** is used to clean floors, walls, ventilation systems, vending machines, machinery, upholstery, industrial equipment, food processing equipment and all kinds of surfaces.

#### **Health & Safety**

See separate "SAFETY DATA SHEET" for information.
